

Round About Town.

F. Bustin, W. Payne, and H. Harkness had fine sport at Six Mile Lake on Sunday. They drove out from town late Saturday evening, and commenced operations at 3 a.m. on the principle of "The early bird, etc." but there was nothing doing until almost noon, when the wily trout commenced feeding, and during the afternoon the fun was fast and furious. Fish in Six Mile Lake do not rise all the time, but when they do they mean business and are game fighters. Sunday must have been a fishing day for the party returned with forty-four fine trout including several weighing two pounds.

Arrangements have been perfected for the big dance to be given tomorrow night in the Ritts-Kiter Hall by the Prince George Baseball Club. H. J. Phair, of the Prince George Hotel has donated the hall and also the music, which will be supplied by Studebaker's three-piece orchestra. The Red Cross society will provide a 25c supper at midnight.

Among the many high officials of the Grand Trunk Pacific who have promised to grace with their presence the first annual ball of the G. T. P. employees of Prince George, on July 3rd, are, Mr. Mehan, general superintendent, and Mrs. Mehan, Mr. and Mrs. Kirkpatrick, Mr. and Mrs. Kilpatrick, and many other prominent railroad men with their wives have been invited and are expected to attend.

Lynch's celebrated three-piece orchestra will be brought from Edmonton provided with the best and most up-to-date music, the floor will be in perfect condition, and the fact that Mr. Phair, of the Prince George Hotel, is taking charge of the supper, which will be served continuously from eleven to two, is sufficient guarantee of the excellence of that important part of the evenings entertainment. The proceeds of the ball will be given to the Red Cross Society.

"Men of the west, wake-up! Don't miss the last chance of putting yourself right. It is not likely to come again. The men who enlist now will have all the honor of war as well as other advantages. Many of you have had a hard time, but when the great mass of soldiers come back, will they not supersede you and make it harder? Think of the future and join now." Such are the words of Sergt. C. Rayner, of the 211 Batt. C. E. F., to men of the west. Mr. Rayner expects to leave for the coast in a few days. The first batch of recruits leave on Thursday.
