"When you tell me things you couldn't know, when you ask for birthdates and reel off information, I feel you not only have a sixth sense, but maybe a seventh or an eighth...it may be astrology but surely there also is something else!"—Henry Miller to Sydney Omarr.

**ARIES** (March 21-April 19): Accent on health, work, unique services. New Moon highlights diet, ability to protect your interests, dialogue with relative, diversity, versatility. You learn to analyze, to synthesize, to come up with viable concept after piecing together clues.

**TAURUS** (April 20-May 20): New Moon stresses are of Solar horoscope related to creativity, children, affairs of heart, change, travel, variety and speculation. Vitality makes comeback; you feel more alive. Member of opposite sex says something that sends morale soaring!

**GEMINI** (May 21-June 20): Lunar position emphasizes land, property, completion of deal, escrow, economic factors affecting your security. Look deep—reject superficial answers, explanations. You have right, even a duty to be analytical. One close to you is on your side and wants the best for you. Be grateful!

**CANCER** (June 21-July 22): Emphasis on trips, talks, relatives, ideas which could become viable concepts, theories. Family involvements, home base decisions are featured. Taurus, Libra figure prominently. Key is using your voice calmly, making your words eloquent.

**LEO** (July 23-Aug. 22): New

Moon highlights money, assets, ability to collect and to locate missing articles. You display extroverted talent; you see beyond what is on surface. You become somewhat of a human lie detector. You have fine chance to increase income potential.

**VIRGO** (Aug. 23-Sept. 22): New Moon in your sign portends new starts, contacts, success with original ideas. Get into production. Show organizing capabilities—and let others know you mean business. Time for rehearsal is finished. The starting gate is open—go!

**LIBRA** (Sept. 23-Oct. 22): Obtain hint from Virgo message; peek behind scenes. No one is going to tell all, not without pressure. Realize it and arm yourself with factual information. Dig, investigate—get rid of outmoded procedures.

**SCORPIO** (Oct. 23-Nov. 21): Accent on romance, creativity, dream world, wishes. Popularity increases. You find ways of fulfilling desires. Business, career prospects brighter due to "friendly intervention. Message should come into sharp focus.

**SAGITTARIUS** (Nov. 22-Dec. 21): Emphasis on sense of direction. Goal may be in sight—but conflict could exist in connection with arriving at destination. Cancer, Aquarius persons figure prominently. Follow through on hunch. Teach and learn. Unorthodox procedure brings desired results.

**CAPRICORN** (Dec. 22-Jan. 19): Long-range plans, communication, publishing, travel—these could be part of your montage. Gemini, Sagittarius figure in picture. You find new means of expression, definite ways of getting message, product across to public attention.

**AQUARIUS** (Jan. 20-Feb. 18): Concern with hidden or obscured matters, the occult, financial position of partner or mate—these could dominate. Be willing to review basic material. Avoid basing actions on impulse. Learn rules before attempting to break them.

**PISCES** (Feb. 19-March 20): Emphasis on publicity, public relations, legal agreements, long-term relationships and marriage. You find that more people than in recent past are concerned with

your views, actions, intentions. Don't rush to decisions.

**IF AUGUST 25th IS YOUR BIRTHDAY** you are analytical, introspective, "special" in sense that you are not easy to know, yet you yearn to fight loneliness. One dilemma-after-another could sum up many of your experiences. In October, more fun begins—potential will be greater next year, including travel and social life—and it all begins in October. Pisces, Virgo persons play important roles in your life.
