

Personal touch

Citizen photos by Brock Gable

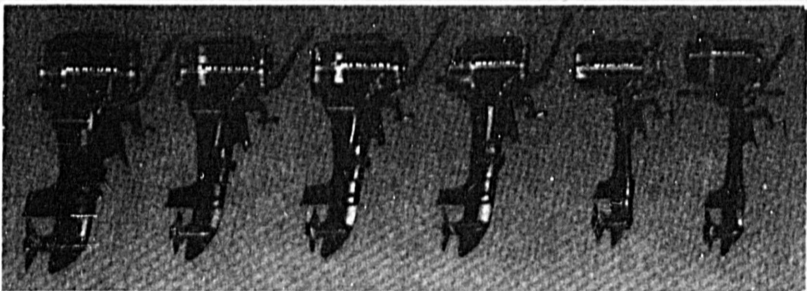

After a little persuasion Dixie Charest is convinced by Red Cross swimming instructor, Sharon Jeffers, that she should attempt to float for the first time during a swimming class at Bear Lake recently. The fledgling swimmer made a valiant effort in the cold water but, after she sank beneath the surface, needed to be rescued by her instructor. Swimming classes organized by the regional district are being held throughout the area during the summer. For information about the location of lessons in your area phone 563-9225, Local 33.
