Rear kitchen, comfortably priced

**NOW IN OUR SHOWROOM
1981 DATSUN MAXIMA**

Maxima. It has, in a word, "everything". It is advanced
Datsun engineering at its most luxurious
best, so luxurious it even talks to you. Other than
colour a choice of engines it all we leave to you.
There's the 6 cylinder OHC gas engine or the new
2.8 litre performance diesel.

TEST DRIVE IT TODAY

**JUST ARRIVED
1981 DATSUN 280ZX TURBO**

Think of the superb Datsun 280ZX. Now, imagine
even more power. Turbo power, like 36% more net
horsepower 180 SAE and 202 ft. lbs. of torque. An
ECCS electronic brain to precisely control fuel injection,
timing, exhaust recirculation, idling speed
and improve performance, simple maintenance.

**NOW "5" IN STOCK
1981 DATSUN KING CAB**

It's no fun being No. 1. If you don't improve and
beat yourself every year somebody else will. For 12
years running, nobody who sells imports has been
able to beat Datsun at selling half-ton pickups.
Never has something so beautiful been built to
absorb so much punishment for so little money.
