

TV DIALOGUE

BYE, BARBARA — Why is Barbara Mandrell's series going off the air after she was named entertainer of the year?

Miss Mandrell found the work exhausting and wanted out of the series grind. She wants to get back to recording and live appearances.

JOHNNIE'S ANGEL — This is a little out of season, but I have a bet going as to who played the angel in "The Littlest Angel," an old Christmas special that aired again this year. I say Johnnie Whitaker (Jody of "Family Affair") starred; my mom says it was Ron Howard.

Score this one for the kids. Whitaker played the fledgling angel.

ANOTHER BENJAMIN — There's a steak dinner riding on whether Richard Benjamin ever starred in "Voyage to the Bottom of the Sea." I believe my friend has him confused with David Hedison.

Tell your friend to make the dinner reservations. Hedison played Capt. Crane, and even 20,000 leagues beneath the sea he doesn't look that much like Richard Benjamin.

OIL FURNACE OWNERS!

UP TO

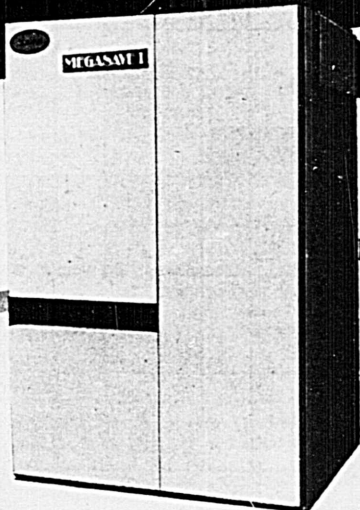

\$1000⁰⁰.rebate

WHEN YOU INSTALL A MEGASAVE I GAS FURNACE

The Government of Canada is currently assisting oil furnace owners with a taxable grant of up to \$800 to convert from oil to natural gas. You will qualify if you install a Megasave I, Canada's most efficient* forced air gas furnace.

As a further incentive, Clare is offering a \$200 cash rebate if a Megasave I high efficiency gas furnace is ordered before June 30, 1982, and installed by August 16, 1982.

NOTE: Equipment must be paid for upon installation.

SAVE UP TO 63%⁰**

EVERY YEAR ON YOUR FUEL BILL

The proven 93% seasonal efficiency of the Megasave I can cut your fuel bill 63% over conventional oil fired furnaces, and up to 47% over conventional gas fired furnaces. Your heating investment will be paid back through lower fuel bills, and will continue to pay dividends in energy savings long into the future.

MEGASAVE I

by

Clare

*As rated by the Canadian Gas Association as of March 2, 1981.

**Actual savings may vary depending on the seasonal efficiency of your present furnace, geographic location, the use of the gas water heater with a chimney, and prevailing fuel costs.
