## Snowman comes to life

One snowy day four kids named Tom, Sam, Jane and Sue were very bored. So Sam said, "let's make a snowman. Jane said, "I will get the hat and Tom will get the carrot." All of us went outside. We finished the snowman and it was supper time. In the morning we went outside and gave the snowman a scarf. The snowman said, "Thank-you." Jane screamed. Sam jumped. Sue fainted. Tom who is never scared stood there. They said at the same time, "you can" talk The snowman said, "Yes, and I can walk too." The kids and the snowman had fun day after day, till it was getting warm. The snowman cried, "I have to go now or I will melt." Where will you go?" asked Sue. To the North Pole," he replied", We will miss yhou cried the kids. "I will miss you said the snowman. Sam said, "will you

come back?" "Bye" we said, "Bye" he said. It was winter again. We were looking for the snowman. One day we found him. The snowman yelled, "I heard on the news that it will always be winter and I can always stay with

you." Tom screamed "We can have fun day after day and they did.

The End.

## Poems about food

Liver is purplish,  
Liver is not delicious,  
Live is nourishing,  
Along with discouraging!

## Mud

Mud, Mud, Mud,  
What a horrible thing is mud.  
It slishes and sloshes,  
Wishes and woshes,  
Oh, it's so grimy,  
yucky and slimy.  
It slithers through your little toes,  
in and out the mud goes.  
MUD!!!!

## The old pine

The old pine points his fingers  
from side to side. It stands  
there tall with chipmunks owls  
and birds nestling under  
branches and snug in the bark.  
The big pine whistles in the  
wind by the pond of the old pine  
tree.

## I like snow

Slow snow,  
Muddy snow,  
Pretty snow,  
I like snow.  
Soft, wet and dry snow.  
Falling from the sky snow.  
Sugary snow  
Falling on your nose snow.  
Then on your toes snow.  
I like snow.
