#### IN MEMORIAM

12

#### TO OUR LITTLE MAN 'RYAN GOYER' Jan. 6, 1982-March 20, 1987

Five short years God blessed us With your love we hold so dear And you touched so very many lives With the time that you had here Although its been a year now Since you passed away You're thought of and remembered With each new coming day All the love we gave you Couldn't keep away the pain So God will keep you in his arms

To all with children, hear my words For what I say is true A child's life, long or short Should be treasured through and

Deeply missed and Forever Loved, Mommy, Daddy, Shaun, Grandma,

Until we meet again

Granny and Papa

through A mother's greatest wish As you all surely know Is to keep her child safe and sound And watch her child grow

We have no way of knowing They may grow old and stray Or like our Ryan, die so young And fill our days with gray Our walk through life has many turns But we must learn acceptance

And so I plead with all of you To take the time each day For 3 small words, just 'I love you' Because 'Good-bye' is hard to say

And thank God for what we've had

## **DISTRICT COORDINATOR**

If you are an experienced, innovative, people oriented forester interested in a career with exciting challenges and rewards, this position in the District Operations Section of the Forest Resource Department will be of interest to you.

As a member of the District Operations Management team, reporting to the Operations Superintendent, you would be responsible for facilitating the planning and implementation of all operating requirements associated with an annual harvest of approximately 550,000 cubic meters. These operating requirements include harvest road engineering and construction, logging operations, wood haul, silviculture and tree planting operations, and operational inventories. You would be responsible for obtaining required Government Agency approvals for all proposed operations in your District.

Your training will include an undergraduate degree in forestry, or equivalent, and several years of experience in the management and supervision of forestry operations. Considerable experience in forest engineering would be an asset. Strong communication skills, both written and oral are required. Computer use skills are desirable.

Weldwood of Canada Limited, Hinton Division, is an expanding forest based company, international in scope, characterized by a balanced structure of resources, manufacturing operations, products and markets. Hinton is a growing community with a population of 9,000,

located 24 km from Jasper National Park in an area with excellent

summer and winter recreational facilities. Good schools, ample housing and shopping.
