ASTROLOGICAL FORECAST

by Sydney Omarr

Friday, February 16, 1990

Isadora and Nijinsky: Valerie Barbeaux reports from Santa Monica, Calif.: "I have two kittens, sisters, who jump up on their hind legs, as if engaging in a ballet. They do this whenever they hear music. I have named them 'Nijinsky' and 'Isadora Duncan.' Both Nijinsky and Isadora are Virgos -- actually Nijinsky, the person, was a Pisces. Isadora was a Gemini. I feel my Nijinsky and Isadora can hold their own with any real-life ballet dancers. I feel privileged!"

ARIES (March 21-April 19): Gather information, pertinent data. Prepare to be tested, challenged, questioned. Attention revolves around interest rates, accounting procedures. You'll be trusted to create working budget.

TAURUS (April 20-May 20): Expand horizons. Accent intellectual curiosity. Individual who wants to form partnership or get married will say, "I'll give you plenty of room!" You'll star at social affair tonight. Whoopie!

GEMINI (May 21-June 20): Announce your own "declaration of independence." Individual who attempts to trap or own you needs to be reminded of "facts of life." Emphasis also on employment, basic issues, security.

CANCER (June 21-July 22): Attention revolves around physical attraction, flirtation, written material. You'll be dealing with mercurial individual who says one thing, often does something entirely different. Caution!

LEO (July 23-Aug. 22): During past six days you have brooded about "negotiations." Focus on property, durable goods, home, domestic adjustment. Cycle now indicates completion, satisfaction. Family member will become ally.

VIRGO (Aug. 23-Sept. 22): Those who think you are going to play second fiddle will be in for rude awakening. Music is part of scenario tonight, but it will be of your own making. Focus on romance, illusion, clandestine arrangement.

LIBRA (Sept. 23-Oct. 22): What was lost yesterday will be recovered by tonight. Scenario features intensity, responsibility, chance for financial reward. Cycle high, especially where

money is concerned. You'll win!

SCORPIO (Oct. 23-Nov. 21): Long-standing relationship provides major test. Travel arrangements will be made, dispute will be amicably settled. Cycle high, judgment and intuition are on target. You'll say, "I'm in love!"

SAGITTARIUS (Nov. 22-Dec. 21): Stress independence, courage, willingness to know yourself. You'll realize that being alone is not same as being lonely. You could discover secret hiding place. Involves young person.

CAPRICORN (Dec. 22-Jan. 19): Family member talks about moods, reflections, financial picture. Your cycle is such that you have reason to celebrate. Relative states, "I wish I could be as happy as you seem to be!" Stand tall.

AQUARIUS (Jan. 20-Feb. 18): Keep options open. Individual who made promise of "steady position" may break it. Focus on versatility, humor, sense of your own value. Luck indicated in matters of speculation -- stick with number 3.

PISCES (Feb. 19-March 20): Long-distance communication results in change of plans, especially those involving travel. Itinerary requires re-vamping. Focus also on spirituality, language, ability to express "true feelings."

IF FEBRUARY 16 IS YOUR BIRTHDAY: You are embarking upon adventure that requires style, creativity, courage of convictions. Forces are scattered in February, but you'll be on more solid ground in March. You recently "let go" of losing situation that might have included love relationship. A "new love" could be on horizon. Pisces, Virgo people play important roles in your life. You are spiritual, glamorous, many insist you are "a mystic." July will be your most memorable, productive, profitable month of 1990.
