### Legal/Property Notices

#### DEVELOPMENT OF A PEST MANAGEMENT PLAN

Pest Management Plan Reference Number: **Woodlot Licence 656-PMP-2013/2018**

Applicant: Gregg Creek Forest Ent. Ltd.  
Contact: Blain Arnett, RPF, 2767 Parent Road, Prince George, BC, V2N 5G2 Tel. 250-964-4105

Notice is given that a draft Pest Management Plan has been prepared by the applicant to control deciduous and herbaceous brush on forest plantations using the principles of integrated pest management.

The use of pesticides is intended within the area to which the pest management plan applies. Other methods include non-chemical manual brushing using brush-saws or chain saws and girdling applications.

The pesticides and application methods proposed for use under this plan include: Vision, Vision Max, Vantage Forestry, and Weed-Master containing Glyphosate, and Release containing Triclopyr. The application methods are aerial with a helicopter, backpack - foliar spray, backpack - basal bark, and cut stump. The pest management activities are to be carried out within the 600 hectare crown land boundaries of Woodlot Licence 656 near Buckhorn Lake, approximately 30 km southeast of Prince George, BC. The areas to be treated are conifer plantations.

The proposed duration of the Pest Management Plan is from July 15, 2013 to July 14, 2018. A draft copy of the plan document with maps of the proposed treatment areas may be examined at the address listed above. A person wishing to contribute information about a proposed treatment site, relevant to the development of the plan, may send copies of the information to the applicant at the address above within 30 days of the publication of this notice.
