## Rapist loses appeal of sex assault ruling

Citizen staff

The B.C. Court of Appeal has dismissed an appeal of a man convicted in Prince George provincial court of sexually assaulting a young girl after breaking into her home.

A lawyer for Jeremy Maxine George had argued the case should be retried because he did not waive the mode of trial being put to him.

George had opted for trial before a provincial court judge alone but just before the trial was held, new information was introduced.

However, in a decision released last week, the Court of Appeal found the difference between the two to be inconsequential.

The difference related only to a count of breach of probation that was also part of the list of charges.

The first alleged a breach by consumption of alcohol or a controlled substance while the second set out the wording of the condition in full.

George was found guilty of breaking and entering and sexual assault in 2011. The length of sentence he was issued was not stated in the decision.

**ASTROLOGICAL FORECAST**  
 By Omar  
 Tuesday, June 7, 2016

**BIRTHDAY GUY:** Actor Michael Cera was born in Brampton, Ontario today in 1988. This birthday guy starred as George-Michael Bluth on the cult series "Arrested Development." He's appeared on episodes of "Drunk History" and "Burning Love" and has voiced the role of Sal Viscuso on "Children's Hospital" since 2008. On the big screen, Cera has starred in such films as "This Is the End," "Scott Pilgrim vs. the World" and "Superbad."

**ARIES** (March 21-April 19): Take someone's side without being taken for a ride. Assume that everyone will be honest and true blue and they will think the same of you. Focus on impressing others with your charms rather than creative activities.

**TAURUS** (April 20-May 20): The better you spend the better your end. A chance to add some perfect item to your list of prized possessions may come your way. Or maybe your coffers are filled so you feel it is only right to share with others.

**GEMINI** (May 21-June 20): Courage is better than reticence. Raise your hand or jump to the front of the line. Your energy and leadership abilities give you the edge in any situation and guarantees that whatever you initiate will be a triumphant success.

**CANCER** (June 21-July 22): You need to give a little to get a little. Get out the magnifying glass to find the straw so you can spin it into gold. Making money with a loved one or your opposite number can make a relationship solid as a rock.

**LEO** (July 23-Aug. 22): Paint a picture of a fulfilling future and keep it firmly in mind. This is a good time to make a definite financial plan. Enlist help from others to achieve your

goals. Look for ways to be fair and equitable to everyone.

**VIRGO** (Aug. 23-Sept. 22): Decide what must be done. Show off your abilities without getting caught in an exaggeration. This is a good time to visualize what you can do while conditions are just right rather than concentrating on what you can't.

**LIBRA** (Sept. 23-Oct. 22): Cook up a winning recipe. You need numerous ingredients to accomplish your plan. Listen with both ears and use all your other senses. You can unravel a past misunderstanding by being sympathetic and forgiving.

**SCORPIO** (Oct. 23-Nov. 21): Remember that you're not the same person you were five or 10 years ago. Re-evaluate the aspects of your life that would benefit from sweeping changes. It may be a good time to take action to break up an impasse.

**SAGITTARIUS** (Nov. 22-Dec. 21): Vagueness could lead to mistakes. Be clear and concise and leave

nothing to chance. Take time to explain the details. Remember that no one can read your mind and you may imagine what someone else thinks.

**CAPRICORN** (Dec. 22-Jan. 19): Follow your own agenda. Conventional wisdom is too general for your situation and you'll only make progress by thinking for yourself and taking charge. You'll do better on your own than in a group.

**AQUARIUS** (Jan. 20-Feb. 18): It might be difficult to know whether to have faith in the future or to be skeptical. If you are in doubt it is best to avoid gambling with your heart or your money. Follow through on commitments for the best success.

**PISCES** (Feb. 19-March 20): Choose your battles carefully. Sometimes, even when you think you can't possibly be wrong, a last minute revelation comes along to burst your bubble. The best way to win an argument is not to start one.

**IF JUNE 7 IS YOUR BIRTHDAY:** In the coming six to eight weeks you may enjoy smooth sailing and that is fine as long as you make sure to honor your promises. Your business sense and financial decision making is shrewd and accurate throughout August, so that is a good time for investments or launching key plans. Lay low in October and November when your luck is on a downward spiral and you should avoid initiating anything of great importance. Wait until December to launch important enterprises, or seek expert guidance for your health, legal matters, or relationships. Because your judgment will be much better than usual you will be able to make wise decisions and could make permanent improvements in your life.
