

*Trail work on
Heritage walk
now underway*

Fans of the Heritage Trail System will have a little company for the next couple of weeks.

The city is conducting

trail construction along the system, south of Fort George Park from now until May 18.

The work will consist of the asphalt paving of

trails from Fort George Park to Queensway and to Regent's Crescent. This paving will be followed by the restoration of the disturbed trail and

park areas in June.

While using the park, the public is being asked to respect construction crews, as well as the barricades and signage asso-

ciated with trail closures.

For more information, contact the Leisure Services Department at 561-7600.
