

doing research on their family history. This course will provide you with the knowledge, tools, and a start-up package required to begin your research.

*Instructor:* Diane Rossi

*Registration recommended by October 8*

*Date:* October 15 to 17 (Mon & Wed)

*Time:* 6:30 pm to 9:30 pm

*Fee:* \$35, plus GST (includes start-up kit)

## Introduction to Photography

6 hours

Anyone can take pictures but taking good pictures is not that easy. You do not need fancy equipment to take good pictures, but you need to know how to operate your camera. We will cover some of the basic principles of photography such as exposure, aperture, shutter speed, and composition. We will also cover some tricks and tips on how to take interesting pictures of lightning, fireworks, and star trails.

Students will require their own 35 mm camera, preferably with manual adjustments.

*Instructor:* Erin LaVale

*Registration recommended October 18*

*Date:* October 25 & November 1 (Thu)

*Time:* 6:30 pm to 9:30 pm

*Fee:* \$50, plus GST

## Woodworking

30 hours

This course is designed to provide theory and practical instruction for the home hobbyist. You will learn how to safely use basic hand tools, power tools, and more advanced machine tools. Topics will include safety, joinery, wood types and finishes, estimating and reading plans. Bring your project idea, picture, or plans to the first class.

*Location:* Mackenzie Secondary School

*Instructor:* David Ganner

*Registration recommended by October 28*

*Date:* November 6 to December 6 (Tue & Thu)

*Time:* 6:30 pm to 9:30 pm

*Fee:* \$275, plus supplies

## Jewellery Making

24 hours

Another hobby idea! In addition to safety and theory associated with design and construction you will have the opportunity to focus on specific areas of interest to create your own very unique piece(s) of jewellery. Learn techniques such as chain making using various links, chasing, raising, burnishing, etching, and engraving.

*Location:* Mackenzie Secondary School

*Instructor:* Martin Dugan

*Registration recommended by September 25*

*Date:* October 2 to 25 (Tue & Thu)

*Time:* 6:30 pm to 9:30 pm

*Fee:* \$175, plus GST and supplies

## Small Engine Repair

30 hours

You will learn the basics of 2- and 4-stroke engines, carburetion and ignition, troubleshooting, and maintenance. The course is designed for those who wish to look after their own maintenance and have an understanding of how their equipment works.

*Location:* Mackenzie Secondary School

*Instructor:* Martin Dugan

*Registration recommended by October 23*

*Date:* November 6 to December 6 (Tue & Thu)

*Time:* 6:30 pm to 9:30 pm

*Fee:* \$275, plus text

## Reflexology

4 hours

This introductory workshop includes brief instructions on relaxation massage, opening energy blockages, and feeling better. Reflexology is a non-invasive alternative that focuses on reflexes in the hands or feet that corresponds with other areas on the body. It is like massage in that it uses pressure to increase energy flow in the body, relaxes the individual, and relieves pain.

*Instructor:* Stacey Third, BA

*Registration recommended by October 15*

*Date:* October 22 to 29 (Mon)

*Time:* 6:30 pm to 8:30 pm

*Fee:* \$35, plus GST and supplies

## Driver Training

9 hours

Driving gives you the convenience and freedom to get around. However, it also involves certain risks. When you're in the driver's seat, you need to focus on the task of driving, making good driving decisions, and looking out for the safety of others. This course will prepare students to write the Motor Vehicle Branch knowledge test in preparation for their Learner's Licence. Students will learn to identify signs, signals, road markings, and learn the rules of the road. An overview of the new Graduated Licensing Program will also be incorporated into this training.

*Instructor:* Diane Rossi

*Registration recommended by September 17*

*Date:* September 24 to October 1 (Mon & Wed)

*Time:* 6 pm to 9 pm

*Fee:* \$65
