CHANGING OF THE GAURDS

The Student Union is very sad to announce the departure of two very talented individuals who have made the Students' Union a comfortable and inviting home for anyone who has walked through the doors to seek help, information, or just wishing to have a friendly visit.

Our former execute director of the Students Union, Robert "Bobby" Chavarie, will be leaving us and although he will be missed, we all understand that as he grows in maturity and skill, his immense talents need to be applied to different fields and larger fights. I don't think he will have any trouble that he can't vanquish in this world. All I ask is that he visits us when he's running fortune 500 companies, or the country, and that he doesn't forget to bring our new cars.

Garett Svensen, a very close friend and our former communications and office coordinator, will also be leaving us at the end of the summer. This guy is the farthest thing from lazy and he has one of the biggest hearts I have ever seen. He did everything to ensure students and employees were treated with respect and compassion. The team would like to wish you the best of luck in whatever Toronto has to bring, Garett. We expect new cars when you make it big as well. We are not writing this to kiss ass. Rather, this is a means to show our respect for two people who have left a permanent enthusiasm in the student union organization.

Knock'em dead, you two, and for the love of god, no scandals!
