

New Student Tips

by Damon Robinson

With a new semester, comes new students. First things first, welcome! It's nice to have you here! Now onto the main reason you're reading this. My first recommendation is to make sure you have all the basic necessities that you can get with your Student ID.

- Go to the Student's Union and get your CNCSU U-PASS. It will allow you to ride the busses in PG as much as your heart desires.
- Hit up the library and activate your Library Card. Basically, that means you bring your Student ID to the person at the front desk and ask **politely** to activate your card. This allows you to check books, magazines and movies out freely.
- While you're in the library, make sure to add money into your **PaperCut Account** so you can print documents in all applicable computer labs. Alternatively, you can print documents at the Student's Union or the Library without using PaperCut.
- If you're interested in a locker, you can go to the Student's Union and fill out some documents and pay for your locker there. **The CNC Student's Union only accepts cash**, so make sure to bring some.
- For all Aboriginal students, my personal recommendation is to meet the people at the Aboriginal Resource Centre (ARC). There are services provided there to make you feel at home.
- If you ever are hungry or cannot afford food, you can grab some from the Food Bank in the Student's Union. You can grab what you need, **no questions asked**. However, don't take all of it; and if you can, we would always love to have food donated. The CNCSU food bank is a student run service, so all help is very appreciated.
