

Q: How can I start an official club?

A: You can start a club by coming to the Student's Union's office. Once there you can request information on starting a new, official club. You can also find out more information on clubs in general on the Student's Union's club day that will be happening this month.

Q: Where can I print stuff?

A: You can print documents at the Student's Union, the Library, or your resource center if you're applicable (Aboriginal Resource Center). Each location will require cash payments after printing.

Q: Why are textbooks so expensive?

A: Me too, man.

Q: Who/Where can I give feedback or give ideas to?

A: If you have any suggestions for events, services, or just feedback in general you can bring it to our attention by visiting us in the office or emailing **Organizer@cnc.bc.ca**. You can always visit us in the office though, we'd love to see you!
